Submitted to His Highness.

In dealing with the application of Mr. Standish Lee, Retired Superintending Engineer, for payment of his pension in England, the Government. while sanctioning the payment of his pension at the minimum rate of 1s. 9d. the rupee in accordance with precedents, directed that future proposals of the kind would not be entertained. Article 497 (a) of the Mysore Service Regulations provides for pensions of officers residing out of India, being drawn only through their authorized agents, and no provision now exists for payment of pensions in England.

To remedy this, the Comptroller has submitted for approval a new article, laying down that the Government do not undertake to pay any pension in England, except in exceptional cases.

The appended draft rule may be sanctioned. The increased rate of 500

The proposed article seems very proper & may be sanctioned.

I do not understand why Mr. Standish Lee's Case was not submitted to me before being decided. There may have been precedents, but if so they seem to me to be bad ones. The grant of the special rate is not authorised by the Service Regulations & that being so, the Case should have been dealt with as Coming under the Schedule. Just as the fact that Mr. Lee was a Statutory native of India I can see no ground for the grant of a favourable rate. The Comptroller's objections appear to me to be valid all through

I have discussed this case further with the Dewan and I am prepared to admit that there were reasonable grounds for the settlement of the case in the manner adopted. At the same time I desire that questions of the pay and allowances or pension of officers of any rank, if not covered by the Mysore service regulations, may be treated as scheduled cases, whatever the precedents or orders of Government on the point may be.
